Wave City recently announced the launch of its latest premium residential project named '**Eden**' in Ghaziabad. This modern development blends luxury with sustainability and offers state-of-the-art amenities.

Eden by Wave City will feature three G+31-storey high-rise towers, which will launch in the first phase offering spacious 3 BHK apartments. Spread across an anticipated **5.2 Acres**, it combines contemporary living spaces and a world-class clubhouse. Each apartment has three open sides, maximizing natural light and ventilation. Additionally, the upcoming project boasts an Olympic-sized swimming pool, fine dining, and recreational options in the clubhouse.

Moreover, Eden will also offer a shopping center with ample parking, ensuring a lifestyle of convenience and indulgence. Residents will also have convenient access to the 6.5 Acres Central Park in Greenwood Enclave. Strategically positioned at the crossroads of Wave City's arterial roads, the project will ensure seamless connectivity.
