Wave City launches Sportzon in association with Delhi Capitals

Posted on April 28, 2022 by cnpadmin in NAI, Nai News

Delhi/NCR, April 28, 2022- Wave City has launched a unique state of the art sports academy — Sportzon— in association with Delhi Capitals, a franchising cricket team of the Indian Premier League (IPL). The academy will be located in Wave City, Ghaziabad, one of the largest townships in India and the first fully functional smart city.

The sports academy is being built to create a unique infrastructure for talented youth & sports enthusiasts around the vicinity and provide state-of-the-art facilities at cost-effective pricing.

The sports facility has entered into a definitive agreement to house Delhi Capital cricket academy, which would train children aged 5-16 years. Wave City has also joined hands with Citiskape Sports to train sports enthusiasts.

The sports complex, spread over 1,10,000 sqft is strategically located on NH 24, which is adjacent to the outer Noida region, which contains the residential and commercial hubs of Indirapuram, Ghaziabad, Crossing Republic, Noida Extension, and Noida. Based on the PSP (Public semi-public) land model, the sports complex will comprise varied sports options such as cricket pitches, tennis courts, basketball courts, and an advanced astroturf football court of standard seven aside futsal spread across 12000 sqft.

The sports facility is set up as per the international standards providing world-class sports facilities and will cater to the sports requirements of corporates, colleges, schools and nearby residential areas. The company is also collaborating with various national and international players for providing coaching and advice to sports lovers.

Speaking on the occasion, Mr. CJ Singh, COO, Wave City said, "We at Wave Group believe that sports play an integral role in improving the body's physical fitness and lead to the holistic development of the person. Keeping this in mind, we are delighted to develop an ultimate destination for sports lovers in Sportzon that will not only inspire residents to learn and enjoy the games of their choice, but will also serve as an advantage to carve their career in sports and promote sports in the area. The state-of-the-art academy will also help in the overall development of Ghaziabad".

Mr. Saba Karim & Mr. Jagrit Anand, Head Tie-ups of Delhi Capitals Academy, said, "We are delighted to partner with Wave Group. This is a great initiative to encourage and unearth sports talent and promote sports in the area. Our objective is to give youngsters correct training and a professional set up as early as possible and hope that this association will further bolster engagement with cricket lovers across the vicinity and hone their talent".

Mr. Manoj Attri, Founder & CEO, Citiskape Sports said, " I would like to thank Wave Group for giving us an opportunity to nurture and train sports enthusiasts in the vicinity and provide them an opportunity to hone their skills in this discipline. This partnership marks a major step towards delivering state-of-the-art coaching to the youth and transforming their lives".

The facility's strategic location is due to its vast growth potential being in the centre of a smart, sustainable and affordable housing set-up. The facility would be open for all age groups and gender and would encourage sports as a basic lifestyle essential. A scholarship program for talented individuals from less privileged backgrounds is also in the planning stage. This facility would spread its wings by starting construction at a couple of more sites soon.
